U.S. Sensor NTC Thermistor Probes and Assemblies are available in various configurations to meet the most demanding temperature sensing applications. Each NTC thermistor probe assembly can be produced using customer selected U.S. Sensor [thermistor](#) elements best suited for the specific requirement. Customers worldwide use U.S. Sensor NTC thermistor probes for their requirements. U.S. Sensor application engineers are available to assist with the NTC thermistor probe design. Please contact engineering@ussensor.com for more information about U.S. Sensor's NTC thermistor probes.

You can fill out the [Temperature Sensor Application Form](#) with your requirements and send it to us.

[Download](#) the U.S. Sensor NTC Thermistor and RTD Catalog in Adobe Acrobat Format.
